Damaged: A Violated Trust (Secrets)

Synopsis

Sixteen-year-old Haley's life is about to change. With divorced parents, she's allowed to choose who to live with. Tired of Mom's restrictions (like no dating), she picks laid-back Dad, although that means she'll have to go to a new school. But even that situation starts to look up when hottie Harris Stephens flirts with her. And when he asks her out, Haley ecstatically accepts. Chalking up a mysterious warning about Harris to jealousy, Haley continues seeing him. But infatuation turns to devastation when Harris does something totally unexpected. Humiliation and peer pressure keep Haley from disclosing what happened, and with no one to talk to, her torturous secret is overwhelming.

Customer Reviews

I couldn't pull myself away from this story until I finished the book. Yeah, I read it straight through. I love this entire "Secrets" series by NavPress's TH1NK imprint. And frankly, out of all of the Melody Carlson YA books that I've read so far, I like this one the best. I know I also said that about *Shattered*, and *Never Been Kissed* so far this year, and about several of the author's YA books last year, but they were all good for different reasons. *Damaged* was a realistic and empowering novel for victims, and it gives readers a sense of hope and healing at its conclusion. That is an invaluable benefit of reading fiction, and from reading this book in particular. The potential positive impact on

youth and even their parents, is enormous. We need more books like this for teens. The bottom line is this book really touched my heart. Maybe because it felt so real-life to me. The character's thoughts weren't toned down to fit what Christians think their response should be. The author pulls you deeper and deeper into the mindset of Haley and how she sees the world. That invincible, "I'm different" mindset that is so common with girls today was perfectly illustrated here. I don't think there can ever be enough books about this subject for teens. So many girls get pulled into situations like this without realizing it. With the naivete that many young girls have regarding a sweet talking teen boy's intentions, this could be eye opening for them. If nothing else, maybe they'll be less likely to put themselves in a situation where they can be vulnerable like Haley had done unwittingly. I have to say I was proud of her for speaking up even though she was terrified.
