# Visualize Your Vocabulary: Turn Any SAT/ACT Word Into A Picture And Remember It Forever (Volume 2)

## Synopsis

This is volume two of a soon to be ten volume series that will establish the definitive "How To" in permanently memorizing SAT and ACT words or any other words. The method in this book makes it fun, easy, fast, and painless to tame tough SAT and ACT vocabulary. Studies show that most of us are visual learners, so the trick to remember an abstract concept is to turn it into a picture. That can take time and effort. This book does all of the work for you. It is the academic equivalent of steroids for an athlete. Read it and gain a remarkable edge over other students. Read it and dramatically raise your verbal SAT or ACT score. Read it and develop a powerful vocabulary which is the most accurate indicator of potential academic success. Read it and the mild-mannered, offbeat, super hero Werdnerd will take you on a tour through 250 zany illustrations that will magically stick in your memory like glue. You see it. You get it. It's that simple.

## Customer Reviews

Even better than Volume 1. This second volume of Visualize Your Vocabulary is the best way to memorize new vocabulary words. Can't wait for volume 3.

Found this volume even more helpful than volume one for memorizing vocab. Great book.

My family loves these books. We also have the first volume. Wonderful illustrations and clever tricks
