Barron's Court Officer Exam, 3rd Edition

Synopsis

Updated to reflect recent exams given in various parts of the country, this manual provides solid test preparation for applicants taking federal, state, and local court officer exams. The authors presentâ "Test-taking tips and a diagnostic testFour model exams typical of those currently being administered throughout the countryAnswers to all test questions and self-diagnostic proceduresAlso included are chapters that take into account the current trend in court systems to rely on oral interviews and computerized testing in the process of selecting court officers. The authors advise on ways to attain a high score in both areas.The New York State Court Officer Exam, which is only given every four-five years, is scheduled to be given twice in 2014â "in October, and again in December.

Customer Reviews

This book has 5 different test that test the same areas. It's great to use as a guide to get your brain exercising for the day of the exam. I took one test already and will be taking the other 4 soon. The actually content of the book was a bit useless for me but others might find it helpful. There are a lot of tips and pointers on how to study and what to look for in certain questions in order to get to the correct answer. If you fail an area on one of the exams it tells you what chapter you should study to have a better score in that specific area.

I purchased this for my daughter along with other books to be a NYPD police officer as well as to become part of any police dept. She said the book was informative and will be taking her exam in another month and will know then just how good it was. She said she did learn a lot.

I bought this exam book along with Court Officer(Passbooks) (Career Examination Passbooks). In addition to these purchases, I also spent a few hundred dollars for a prep course. So the books alone may not be enough to score high. I took the exam for New York in 2013. My score was in the high 90's and was given a list number in the high 600's. According to what I've researched online, it's a very good score and list number with a good chance of being canvassed. If you want to boost your chances of doing well, buying this product and the Passbook is a small price to pay. The classes I signed up for definitely helped me. So do your due diligence and research on this book and other resources that can help increase your chances of scoring high. Good luck

I ordered this book for the nyc court officer exam and this book was excellent!! It has a lot of practice exams, which was very helpful. It has little short cuts on how to pass the exam and the what to do and what not to do. This book was very helpful. Great buy.

Great material easy to understand I really like how the book explains how to answer questions and also show what to look for when reading a descriptive paragraph.

I ordered this book for the nyc court officer exam and this book was excellent!! It has a lot of practice exams, which was very good. It has little short cuts on how to pass the exam and the what to do and what not to do. This book was very helpful. It was a great buy. I scored an 88. I took the court officer exam. Hopefully I will be called soon. The practice tests were very helpful. The book overall was helpful. I would order any Barron's book again to study for tests.

the book is without a doubt more intense than actual court officer test. there is stuff in here that you are really not going to have on the actual exam. for the court officer exam I recommend studying the charts and the parts that have to do with looking at info that is displayed in a few different fonts and you have to try to find what is missing or different. all the other stuff is good if your taking other types of police officer tests like patrol officer or state trooper.

Fast shipping and came in excellent condition. This book was very helpful and the best study guide

if you are taking a court officer test. I recently took the ny court officer test and I'm pretty sure I scored high because of this book.
