# The Wreckers (A Tropical Frontier)

## **Synopsis**

This story appears in Tim Robinson's first novel, "Tales of Old Florida." In this edition it has been re-formatted for young readers. Shipwrecks, pirates, buried treasure; desolate windswept islands, jungled forests, and the mysterious Everglade â “ dark and foreboding to all but the Seminole and Miccosuki. Imagine growing up in such a place, no one for miles around, only you and your family. This is the world young Charlie MacLeod was born into. To him it is nothing unusual. It is simply home.

Best Sellers Rank: #1,085,652 in Books (See Top 100 in Books) #62 inÂ Books > Teens > Historical Fiction > Exploration & Discovery

## **Customer Reviews**

Thank you for this amazing story. In my head I know its fiction, but in my heart it brought a different time to life. The characters were vivid and wonderfully crafted. I loved everything about this book.

Was fascinating! I don't know whether to put it in fiction or use it as factual reference. As a 6th generation Floridian, I found the details and depth of research were astonishing! Gives me a model/goal in my own writing! I learned a lot about the wrecker courts and their history. All the dates and time frames sure fill in the story and make it that much more real. Awesome job - great story line and great research and attention to details. And even I learned several new items about my Florida History. Tim Robinson writes fiction so real you can feel it happening! Great job!

I have read all of Tim Robinson's books and loved each one. How do I get this book? Every time that I finish one of his books I can't wait for the next one.

Good reading! Very interesting!
