The Reproductive Rights Reader: Law, Medicine, And The Construction Of Motherhood (Critical America)

Synopsis

Since the passage of *Roe v. Wade*, the debate over reproductive rights has dominated America's courts, legislatures, and streets. The contributors to *The Reproductive Rights Reader* embrace reproductive justice for all women, but challenge mainstream legal and political solutions based on protecting free choice via neutral governmental policies, which frequently ignore or jeopardize the interests of women of color and the poor. Instead, the pieces in this interdisciplinary book—including both legal cases and articles by legal scholars, historians, sociologists, political scientists and others—favor a critical analysis that addresses the concrete material conditions that limit choices, the role of law and social policy in creating those conditions, and the gendered power dynamics that inform and are reinforced by the regulation of human reproduction. The selections demonstrate that the right to choice isn't an automatic guarantee of reproductive justice and gender equality; to truly achieve this ideal it is essential to recognize the complexity of women's reproductive experiences and needs. Divided into four sections, the book examines feminist critiques of medical knowledge and practice; and the legal regulation of pregnancy termination, conception and child-bearing, and behavior during pregnancy.

Book Information

Series: Critical America

Paperback: 419 pages

Publisher: NYU Press (January 1, 2008)

Language: English

ISBN-10: 0814722318

ISBN-13: 978-0814722312

Product Dimensions: 7 x 1.1 x 10 inches

Shipping Weight: 1.6 pounds (View shipping rates and policies)

Average Customer Review: 3.5 out of 5 stars [See all reviews](#) (2 customer reviews)

Customer Reviews

Very informative. The author attempts to give an unbiased perspective of the rights of women for modern law. She does seem biased and opinionated to some extent but I think this is probably difficult to avoid when discussing women's rights and welfare. I used this in a political science

course and felt it was good for explaining the current state of affairs on these issues.

I needed this book for a class. Otherwise I probably would not have ordered it. It does give good insight of how many issues affect women.
