Blood Ninja

Synopsis

Could Taro, a fisherman's son, be destined for greatness? In the course of a day, Taro's entire life changes: His father is murdered before his eyes, and Taro is taken by a mysterious ninja on a perilous journey toward safety. Someone wants Taro dead, but who—and why? With his best friend, Hiro, and their ninja guide, Shusaku, Taro gets caught in the crossfire of a bitter conflict between rival lords for control of imperial Japan. As Taro trains to become a ninja himself, he's less and less sure that he wants to be one. But when his real identity is revealed, it becomes impossible for Taro to turn his back on his fate.

Age Range: 12 and up

Grade Level: 7 and up

Customer Reviews

I got this book through the Vine program. I like vampires and ninjas so I thought it would be an interesting read. I was a little worried (based on the title and the cover) that this book would be too corny for me or a bit over the top. It was neither of those. It was very well-done and, if anything, a bit too devoid of any humor. It is also not a stand-alone book, which I didn't know. Taro is a fisherman's son. At least that is what he is raised to believe. He is in for a rude surprise when a group of ninjas descend on his house and murder his father. One of the ninjas, Shusaku, is different though and tries to save Taro. Shusaku fails as Taro is run-through with a sword. Suddenly Taro must make a

choice as his life ebbs from the wound in his stomach. Will he let Shusaku turn him into a vampire and "live" or will he die? He chooses to "live" and suddenly Taro, his best friend Hiro, and Shusaku are off on a journey that will make Taro question everything he knows about the world and himself. There was a lot I liked about this book. The amount of Japanese history dwelling within the pages of this story is amazing. Lake really did his research and gives great detail on various aspects of Japanese history. It was fascinating to read about ninjas in the context of actual Japanese history. I am not sure how accurate all the historical details are (it would have been nice for the author to include an afterward addressing this) but they are well thought-out and seem to be well researched. The other thing I really liked about this book was the moral struggles Taro was forced to face and question. Taro comes from a world where Lord Oda is god and samurai are the noblest men he knows, ninjas are to be despised as sneaks.
